Frequently Asked Questions related to San Jose Clean Energy Request for Offers to Sell Incremental Resource Adequacy Issued 11/18/2019

Q: Is it possible to extend the deadline to allow bidders to submit more carefully-prepared materials?

A: You may submit after the deadline, but we cannot formally extend it at this time.

Q: If we submit after the deadline we want to be sure that we would still have equal eligibility for potential shortlisting.

A: Given the due date we cannot guarantee an equal opportunity – we will begin processing bids as described in the RFO and we will add yours once it is submitted. If you are uncomfortable with this you can hold off for future solicitations (not to imply there will be a future solicitation).
